

09. Physical and chemical Properties

Condition: elastic
Color: inked per polisher type or quality differently
Odor: without
Change of condition: Melting point not applicable
Boiling point not applicable
Flash point: 250° C
Density: not applicable
ph – Value (°C): not applicable
Viscosity (°C): no applicable
Water-soluble: insoluble

10. Stability and Reactivity

Dangerous reactions: none – provided appropriate storage and handling.

11. Information on Toxicology

Chemically inert material. Non toxic.

12. Information on Ecology

Damaging effects are unknown.

Debris as result of grinding can be mechanically separated in waste water installation (sewerage).

13. Information about disposal

Can be removed together with common trash in line with public regulations or scrapped.

Waste code number: 35 101

14. Transport Information

No special requirements with respect to transport regulations.

15. Regulations

The product is not subject to special marking according to CE-regulations.

National regulations:

Water Danger Class: 0 / no danger to water. (Self-evaluation)

16. Others

The above mentioned is based on our latest knowledge and describe the product as for safety aspects without assuring technical properties and features. Existing laws and regulations must be observed by the user under its own responsibility.
