

# Gesswein® Finishing Stones For Mold & Die Polishing

For over 100 years, leading metalworkers have come to know and rely upon Gesswein for the best in abrasives.

We are proud Gesswein stones are the unquestionable choice of leading mold and die craftsmen worldwide. Their trust and confidence in us is due to:

- **Demanding Standards:** For each stone, careful grading eliminates oversized grains and special blending operations ensure absolute uniformity of finish, whatever your application.
- **Exceptional Quality Control:** Working closely with the best suppliers in the industry as well as making blocks and stones at our facility to ensure the highest standards are consistently met.
- **Highest Quality Ingredients:** Our stones are composed of the purest ingredients.

As an industry pioneer, we have long known an important key to continued success—provide a complete range of products that allows polishers to choose the perfect stone for each task. We continue to develop new products to meet the changing needs of our customers.

**NEW!**  
Many new stone grits, new sizes, and a whole new stone group; Ruby Rough Out (see page 14)

Gesswein Finishing Stones are made at our facilities in Old Saybrook, Connecticut.
